Career Objective

I am a dedicated and passionate MERN Stack Developer with a solid foundation in JavaScript-based technologies. I am currently focused on frontend development and aim to grow into a full-stack developer capable of building scalable, user-centric web applications.

Technical Skills

Languages & Libraries: JavaScript, React, React Router, Framer Motion

Backend & DB: Next.js, Node.js, Express.js, MongoDB, NoSQL, Firebase.

Frontend & Styling: HTML5, Tailwind, DaisyUI, Swiper.js.

Tools & Platforms: GitHub, Vercel, Netlify, Figma.

Interpersonal Skills

Friendly and team-oriented | Good communication and leadership abilities | Eager to explore and learn new technologies

Projects

BiteClock – Food Expiry Tracker

A MERN-stack web application that helps users manage their food inventory and avoid food waste by alerting them before items expire.

[Live Site](#) | [Server](#) | [GitHub](#)

Features

1. Users can view nearly expired and expired items, along with notes and tips
2. Fridge page with item list, sorting, and filtering
3. Add Food form to input name, category, expiry date, and notes
4. My Items section for editing, deleting, and managing private food entries

HobbyHub – Hobby Sharing App

A responsive front-end web application where users can explore, create, and join hobby groups with visual analytics.

[Live Site](#) | [Server](#) | [GitHub](#)

Features:

1. Homepage displays existing hobby groups and community activities
2. Create Hobby section allows users to build and share new groups
3. My Hobby section shows personal hobby data and joined members
4. Dashboard with interactive charts (bar/line) to visualize group stats

JobTrac – Job Tracking Application

A modern and responsive job tracking web app that helps users manage job listings with an intuitive and secure experience.

[Live Site](#) | [GitHub](#)

1. User registration and login via Firebase
2. Protected routes using React Router
3. Add, edit, and manage job applications
4. Smooth animations with Framer Motion

Education

B.A (Hons) | National University | 2016 – 2020
